

# PRINT AND MAIL SERVICE

To help people to stay home and avoid needing to make risky trips to access a printer, we are providing a Print and Mail Service for community members who need to print and mail documents.

If you live or work (or were working) in Cambridge or Somerville, and you need to print something to access benefits, or have another urgent printing need, you can upload documents using the google form. Document submitted Monday- Friday by noon will be printed and mailed on that business day.

Send documents by visiting:
